

Gap Student Placements

We usually look to accept up to three Gap Student placements every January and the selection process takes place in Spring of the preceding year.

Applicants are either taking a year out between school and university or have just completed their undergraduate degree. Applicants must already possess or be able to obtain the right to work in the UK prior to arrival; we cannot sponsor you with UKVI for this.

We are a relatively small school with around 500 pupils aged between 3 and 13, the majority of whom are day pupils; we offer 45 boarding spaces on a weekly or flexi boarding basis for pupils aged between 7 and 13. Over the years we have accepted and made friends with a wide range of gap students from Australia, New Zealand and South Africa and we value the contribution that our "Gappies" have made to the School.

If this sounds attractive or you would like to have further details, please contact our appointed consultants who handle all applications for us:

The Gap Network, based in Australia but who handle all applications including those from New Zealand and South Africa, via:

www.thegapnetwork.org or email: info@thegapnetwork.org

Please note that we cannot accept applications made directly to the School.
